Referral Considerations

Comments 2012-05-24 - Franz can participate confidently in most common situations. His discourse is reasonably fluent and displays the ability to express his ideas, opinions as well as get into discussions involving abstract concepts. He has the ability to be effective when providing descriptions, presenting opinions and offering explanations. Listening comprehension showed his ability to follow extended discourse on abstract topics that is at a fairly fast speech rate. Writing was on task. May want to review prepositions and mixed numbers.

Will be participating in the IEEQ program in September 2012.
