To whom it may concern,

I would like to recommend Franz Kasala as a candidate for a position with your organization. Franz was employed with RANA Respiratory Care Group (RANA) from October 29, 2007 to May 5, 2009 as a Materials Management Assistant.

I had the pleasure to directly supervise Franz throughout his tenure with RANA. Based on my daily interactions and overall assessment of his performance, I am pleased to inform you that he performed his job very well and was a wonderful fit within RANA's culture of caring. Franz is a highly intelligent individual who is well organized and methodical in completing tasks. He cares about providing efficient, quality service to his customers and positively contributed as a member of the team.

Franz was responsible for maintaining an inventory of sleep apnea devices and accessories. This included sanitizing, testing and assisting with product ordering. He was also responsible for shipping medical supplies to RANA's patients and performing administrative tasks utilizing internal databases. He effectively performed these duties and his strong work ethic contributed to the smooth operation of RANA's programs.

Franz was always willing to offer assistance and had an excellent rapport with co-workers. He truly would be an asset to any employer and I recommend him for any endeavor he chooses to pursue. If you require further clarification, please feel free to contact me at (204) 928-1400.

Sincerely,

Cal Treichel
Materials Management - Team Leader
